

# INTRODUCING

## THE **MERLIN** SLITTER & REWINDER

**Merlin** has the web management controls normally only seen on expensive rewinders. With sturdy steel construction, precision bearings and electronic controls, together with its small footprint, you will have an excellent workhorse at your disposal.

Print Partners are pleased to introduce the **Merlin** Slitter & Rewinder. This *magic* machine can perform all of your rewinding, slitting, counting and inspection with a minimum of fuss.

*Fully Featured - Efficient - Affordable!!*
