

MERLIN 550mm SLITTER-REWINDER

Quality at the right price!!

The Merlin 550 is designed specifically for processing adhesive label stocks. Fitted with ten sets of shear blades and anvils, web guide & magnetic particle tension control, this machine will deliver the results you need. Cantilever style swing-out unwind and rewind shafts make for operator convenience. Tension control is a breeze. Set the machine for meter or print count and it will stop at your desired point.

Optional 38mm ID air shafts are available.
